

# SoCal Floorplans

a division of the gillgren group

**My Tracts** is an automated storage system of all the tracts that you have downloaded from SocalFloorplans. This enables you to re-use these tracts at any further date without it counting against your subscription. In fact, if you keep your membership current, the tracts that you accumulate will remain in your “My Tracts” file.

Hello, greg hamilton (logout)

My Profile | [My Tracts](#)

**My Tracts** can be found after logging-in, on the left side of each site page, under your personal greeting.

After accessing **My Tracts**, an alphabetized listing of your previously downloaded tracts will be available and ready for use.
